REPORT OF SCHOOL BOARD.

Four schools have been maintained in town the past year, with thirty-one weeks each for three of the schools. On account of sickness one school lost two weeks, which we hope to make good this year.

Two of the schoolhouses have been repaired, and hope more can be done along that line the coming season. All know a pleasant schoolroom is a big item in educational work.

Have been fortunate in securing faithful and competent teachers, and the progress made in the studies is proof the pupils should receive their share of praise.

If possible wish the parents and more of the friends would visit the schools, at least once during the term. Would understand much better the work being done, and what is needed to get best results in every way.

Many of the books need to be replaced with new ones, no child will do his or her best with old worn out books, or if in use too many years.

Retrenchment must often be made in objects of public concern, but every help and encouragement possible should be given to the children. To train them to be intelligent, industrious and good, for the boys and girls of today, will soon be leaders of the future.

It is recommended by the board of education that the

following appropriation be made for school purposes: \$100 for school supplies.

In closing we wish to express our thanks to all for the help given us in the discharge of our duty.

LILA H. BRIDGE,

ALIDA M. BAKER.
